TO WHOM IT MAY CONCERN

Re: Mr Edwin Lesley John Lewis  
1824 Creek Road, Cannon Hill,  
D.O.B. 16/7/1962.

Dear Sir / Madam,

I have been Edwin Lewis's G.P. since 1995. He suffers from a bipolar disorder which has been well controlled since he commenced Epilim (sodium valproate) in 2001.

His current dose is 500mg twice a day and since commencing this dose in September 2003 he has been symptom free.

He attends regularly for blood tests, routine checks and medication review.

He is involved with the Baptist Church at Cannon Hill, often picking up and taking home various parishioners, young and old. He is heavily involved with running the Friday night youth group. He is also involved in helping with the youth camps that are held during the holidays. He of course is the holder of a 'Blue Card'.

I have no hesitation in supporting this man's application to have some degree of paternal visitation rights.

Yours faithfully

Dr. Allan Miles

Dear Mrs Lewis,

**RE: THE LEWIS CHILDREN**

I refer to the above and to your letter of 16 April 2007, received by us on 24 April 2007 and advise that we believe the following options are open in relation to recommencing some contact with Edwin's children.

In this regard would you kindly advise whether you have any idea of the whereabouts of the mother. If so, I could approach the Legal Aid office to see if they would be prepared to arrange a conference to see if anything could be sorted out in relation to this matter.

Alternatively, the mother may be willing to attend a conference or mediation at Relationships Australia in order to sort out this matter.

Yours faithfully

Dear Madam

**RE: LEWIS CHILDREN**

We refer to the above and confirm that in the past the writer acted on behalf of your children. We advise that we have been approached by Ms June Lewis to reinstate some contact with the children, being Mr Lewis and his parents.

Would you kindly advise of your attitude in this regard and in particular would you kindly advise whether you would be amenable to attend mediation to attempt to work out matters.

We await your advices.

Yours faithfully

ANNEXURE 9·4

15/3/2009.

Dear Kevin,

*My name is Edwin Lewis, I am the son of Jim and June Lewis and the brother of Walter, Jean, Scott and Heath. My family is very highly respected in the community with Walter being recognized for his sporting and media exploits. I operate a small mowing and maintenance business in the eastern suburbs and have other interests in church life at Cannon Hill Baptist. I met you at the opening of the Brisbane Healing Rooms that you opened a few years ago.*

I am writing to you for help in a quest to find out where I went wrong in my role as a devoted Christian and family man. I had everything, 3 beautiful sons Justin, Clinton and Thomas. On 17/3/1997 everything was about to happen with Police, Police Commissioner, Family Services, Attorney General, Sixty Minutes, Hettie Johnson, just to name a few. My wife at this time had our 3 boys in under 4 years.

On the 19/3/1997 after returning to the house after Police action keeping her away from the two older boys, from the 17/3/1997 after striking Justin 3 and Clinton 2, I was flawed when I asked my ex-wife was her father a pedophile, as our son had disclosed to my sister-in law that poppy had touched him and it hurt, this was when our 2 older boys were staying with her parents when having our 3rd son. She started screaming at me why wasn't I told. I asked her again and she remarked how it was feasible, about her father. To try to tell you in summary, there is a family history on her side of the family of these sick happenings by her father on family members. Justin could have been less than 2 years old when these events occurred as my mother remembered in the tape recording with corrupt police officer Mark Beardmore. My ex-wife had taken Justin back to Gympie, to her parents place against my wishes, after receiving many phone calls of someone wanting to suck her large breasts.

They stayed up there for 5 days. When returning I took Justin and Helen to Tellabudgera Sanctuary for the day, but when Justin had done a wee in his nappy he was in agony. I took his nappy off and his penis had very little skin on it and it looked like it was bleeding. Helen said it was from diahreah but that night I alone took him to the Children Mater Hospital. Justin was having terrible nightmares of that naughty man and used to come into bed and cuddle up to me on most nights. I come from a family that all our time was involved in sporting activities and that this sort of thing was not even heard of.

On the 20/3/1997 Helen was told by solicitors that she must do a runner with the children or Family Services would take the Children off her until after the investigation. On this day I told her that police action was pending with her father.

On the 21/3/1997 when leaving the house for work I made it quite clear that the boys had to be at the house when I got home.

When arriving home that afternoon she had fled with her mother and the 3 boys.

Her parents had moved from Gympie to Redland Bay only a couple of months before Helen gave birth to Thomas.

ANNEXURE 9.5

In this time frame I took Justin to the Thornlands Medical Centre with a bleeding bottom. Police Detective John Rouse was setting up a taskforce to return the children and have her father arrested.

Everything I have spoken of is backed up by Legal Documentation, Video Recordings, Cassette Recordings.

The only thing that has stopped me from doing anything stupid is God. I have been anointed and prayed over so many times but there has been no breakthrough in the heavenly realms. My Pastor until a couple of years ago Don Shephard kept telling me that my boys were Gods children and that he would look after them.

Even though her father had orders in place that he never be left with our boys unsupervised, he has always been around them and I cannot.

Pat Purcel was being informed on a regular basis and we are great mates. I now live about 50 meters from your Morningside Office.

I gave up on the Family Court process many years ago after spending 50,000 dollars in the first 14 months using solicitors for guidance.

On Sunday 8<sup>th</sup> February 2009 at 1pm I proceeded to my marital home, I have done this trip over the years so many times.

I have not seen my boys for over 8 years.

I proceeded down the driveway and to my amazement the front door was open with Helen standing there. I asked in a pleasant manner, if I could see the boys. She told me that I should have rang her before I came down.

She changed her phone number many years ago and I and my mother on many occasions have failed to get a response out of Helen or the Child Representative.

I believe Clinton my middle son was with her but he had his back to me. I spoke to Clinton in saying hello, but he kept his back to me and did not reply. I asked her again if I could see the boys and she asked if I was on medication and closed the front doors on me. I hurried home as I was cooking a roast dinner in the oven as one of the Sunday night meals that I provide to the church as I have been doing this for 9 years in commitment to my faith.

I received a registered letter dated the 9<sup>th</sup> February 2009, and it spoke of me going through old Orders in having 3 Child Physiology assessments before I had supervised access. My parents had to go through this ordeal, and its time I am going to take a stance. Over the past 25 years I have been around kids and I coached Valleys teams over 6 years for four premierships. The ages of these teams were 8 to 15, I refereed Football juniors and seniors over the next 8 years.

In my Church life I have also done everything by being in charge of children and as a youth leader. Apart from our Pastor at the time, I virtually did everything. In the past 6 months myself and my Partner were given a 15 month old girl to place in our protective care by Family Services for a couple of months.

I have suffered over the past 30 years with first being involved in a major car accident in which two boys in my car died after being hit by a drunk driver losing control and hitting me head on. I had owned 5 houses in this period with the money I received from the accident and 15 years of government service, before receiving a redundancy payout including my super. My ex-wife had to give me 22,000 to receive all my possessions after only having 300 dollars after coming into the partnership. Helen hated her parents, but coming from Gympie, the inbred Capital of the World now adds to my suspicions.

Jesus has told me to store up my Treasures in Heaven, but has told me it is time to testify as we are in the end times.

He has also told me for those who don't accept him that he will say to them that he did not know them.

Look at what is happening all over the world and in particular Australia.

I NEED YOUR HELP. I WILL GO PUBLIC WITH MY PLIGHT FOR JUSTICE.

your fellow Christian

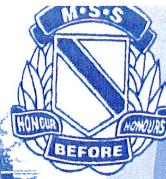

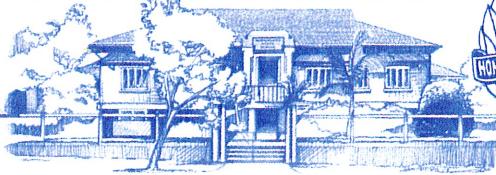

Edwin Lewis.

To Whom It May Concern

Eddy Lewis had been listed as a contact for two students enrolled at Morningside State School for a period of time until early this year.

While listed as an emergency contact, Eddy would regularly drop in lunch for both students, forgotten items they required for the school day (eg. Swimming bags, books), and had collected them on occasions when they had been unwell and had to go home.

Eddy was always available to contact by phone at any time we required to speak with him.

Please contact the school office on 3908 2333 if you require more information.

Yours sincerely
