OUR RELATIONSHIP HISTORY

AUGUST 1990 - Exhibition Friday

- I met Helen at new 'Underground' in Brisbane.
- Three sisters were together, (Helen, Megan and Anne)
- I drove girls back to rental house where they were living and Helen gave me her phone number.
- I got Helen's printing of the phone number mixed up as 7 looked like 4, but I remembered that she worked at a college in South Brisbane. I pursued in finding her number, as she was very pretty etc.
- Within the next couple of days, I found out where she worked and sent a dozen red roses. First contact with college was her friend Jill.
- I made contact over the phone and organised to go to dinner in town. I went to Mt Gravatt Hill in Capri and had a great night. I dropped Helen off at the rental house where 3 girls were living, then drove home. I was staying at my mum and dad's place. I pursued the romance.
- Helen also worked at a Chinese Restaurant. She was very work orientated and had no social life.
- I saw a lot of Helen over the next couple of months.
- I went overseas with John Jones in late October but kept in touch with Helen by telephone during the tour. (This was the 'Kangaroo Tour' that Wally was ruled out of with a broken arm).
- When arriving home 5 weeks later to Brisbane Airport, Helen met me there and we went to a Motel in Yeronga, which Helen had organised.
- Helen's sisters at the rental property were fighting all the time. Helen was caught up in the middle.
- When Helen was having a shower one night, Ann started to tell me how she had burnt her neck, arm and leg. I said to Ann that Helen would tell me when she was ready - very bad experience. She said "When Helen was 18 months old she poured...". Helen walked into the room at this point and nothing more was said.
- We kept going out and Helen told her mother to stay out of the way. Helen was told by her mother she was no longer a member of the 'family'. Helen said "Well fine! Myself and Eddie have a strong attraction."

My mother had helped find and purchase a lovely dress for the special day. Helen's father was still not facing the fact that we were sleeping together before being married. He later went berserk because Helen's mother had kept the facts away from him. We had gone to his home a couple of times, but there were always only single beds provided for all their children.

Helen and I went to Helen's parents in Gympie for Nicki's 21st birthday party which was being held at the Gympie Bowls Club. Helen was very cautious not to run into her old Chinese boyfriend. She told me that he was very high up in the Drug importing/distributing scene. She also had a sleeping relationship with a 45 year old farmer/bushman. The two of them used to buy her endless gifts. She told me in confidence that once, when falling pregnant, she did a 'coathanger job' to miscarry the baby as her father would have killed her if he had found out.

Helen is petrified of water. Every time it was swimming day at school her mother used to give her a letter to say she had girl problems, so that nobody would laugh at her for not knowing how to swim.

We were married at St Augustine's Church, New Farm and had the reception at the Valley's League Club. 56 people had gathered for a great day and night. On our wedding night we stayed at the Power House Motel, in Grange, and were escorted in a 1954 Jaguar that was driven by the owner as a special deal. We flew up north to our destination Club Crocodile. We had a beautiful honeymoon and Helen was so happy. I was also overwhelmed and cried at dinner saying how much I loved her. We went to the pub on the Wednesday night to watch Wally lead the Queensland team to a brilliant win. We also went on some beautiful tours on the Whitsundays on Boat 2000 that was driven by one of my brother Scott's friends. We arrived back in Brisbane and were very happily married.

Helen's sister, Jane, when she lived in Darwin, had a lot of problems falling pregnant. Her husband, Warren, has said some terrible things to her. He said she is not a real woman because she hasn't been able to conceive. He gets back in her good books by taking her to destinations around the world. She fell pregnant and just happened to be down in Brisbane and stayed with us for my birthday party on 16th July, 1992 *On that day, Helen did a pregnancy test and found out she was pregnant with our first son..*

Helen's parents were also there at my property/residence at Mt. Warren Park. Later that night/early morning, Jane started to lose mucus etc. I stayed up all night hoping and praying for Jane's health etc. I offered to take Jane to the Logan Hospital as it was a Sunday morning early and she was still in pain. Nobody came with us!

The trip to the Logan Hospital was 10 minutes and I was a shattered man because I thought it was brought on by coming down from her parent's place in Gympie for my birthday. She was examined and found out she had a big chance of losing the baby. We arrived home at Mt. Warren Park at 11.30 and I was to referee the reserve grade between Beaudesert and another Group 18 team. I arrived at Beaudesert at 12.10 pm. as there was a lot of traffic. When I arrived no other referees were there. A couple of minutes later the other two referees turned up. I ran the under 19 line. My body was stuffed but

would be scrubbing the heck out of her vagina. I ask what is wrong and she tells me it is all dirty down there and tells me she will be out soon.

Justin's bowel movements were terrible since the time when Helen came back from Gympie when Justin was only approximately 17 months old. I was very concerned because Helen told me that when it came to Justin doing a poo, he had no movement for 5 - 7 days at a time and when he did, it bled. He used to have some bowel movement, but only in his nappy or outside on the grass, out of sight. He would not let you watch him. One day in June, 1996 I took Justin to a doctor at the Thornlands Medical Centre as blood poured out of his bottom when I went to wipe it. I explained this and the fact that it had been an ongoing occurrence and that Helen and her mother dismissed it as a problem concerning constipation. He prescribed such things as prunes etc. to regulate his cycle. Justin is still having problems. Clinton also seemed to be having similar problems and began copying Justin in such ways as only having bowel movements whilst wearing his nappy. Clinton has also been using the big toilet but asks that only his daddy put him on the toilet or remove his pants. Clinton will not let me leave his sight when I am home.

Both Justin and Clinton have been demanding that I be there all the time. Justin is afraid of the 'Naughty Man', so I have to let him sleep with me. When this has happened, I observed him taking the smallest and quietest of steps to be on the other side of me. On Monday night, 17th March, 1997 the police were called to my home (*please see detailed notes of these events in the following pages).* The boys, Justin and Clinton were so upset that they both had bad dreams. First Justin came in and just about pushed me off the bed clinging to me. Clinton was screaming and would not settle in his cot, so I bought him into my room and gave him a cuddle and told him that everything was all right.

CONCERNS PRIOR TO 17TH MARCH, 1997

Helen started to receive obscene phone calls when Justin was 17 months old. Helen, after receiving the calls, decided to go home to see her parents in Gympie. I was unable to go with her as I was at the time working for a shelving business and we were very busy. She told me that she was going home to her parents for a couple of day's rest. She took Justin with her.

I phoned after a couple of days to ask when she would be coming home. Her father answered the phone and said that Helen and Justin would not be home for another 5 days. She returned on Friday, (*date to be found on video camera).* I worked late that Friday night. I took her and Justin to Currumbin Bird Sanctuary on Saturday. Justin was in a lot of pain. I took off his nappy and noticed that his penis was extremely red and I could see that it had been bleeding. The skin was very irritable and 'flaky' - it looked really sore. When asking Helen about this, she said that she had attended a doctor whilst in Gympie who told her that it was just nappy rash. (*Some of this conversation at Currumbin Bird Sanctuary is on video).* Justin had a very bad night with the pain, screaming after having several nightmares.

I was extremely concerned and rushed him to the Mater Hospital at 6 am. This was approximately September, 1994. A female doctor at the hospital prescribed a cream to put on Justin's penis.

- Helen had a nice car when I met her but her parents came and collected it from her when they found out we had decided to live together. She had paid off $1000 from the $4000 loan. She never got the $1000 back.

- Helen's mother was behind Helen being given an injection so that, for at least 3 months, she wouldn't fall pregnant. Dr Russell - Mt. Gravatt gave the injection. Thomas was only a couple of months old. Helen was trying to find out through medical practitioners whether she could be guaranteed 100% of having a girl for the next birth.

- In our early years together we had good sexual intercourse. She has always refused oral sex, saying that it is the dirtiest thing possible, (saying that she had a bad experience when she was young), even though she liked me to perform oral sex on her. In the past 16 months we had sex approximately 10 times, 3 since the birth of Thomas. She used to just lie. All she wanted was cuddles.

<u>John - Greg & Karen's Son</u>

They once came to Brisbane for a family get together. We went to a local beach near Jacob's Creek. When John (18 months - 2 years old) had his nappy changed, he went mental. I was later informed by Helen that his Day Care Centre were up on charges for sexual dealings against him. The second child was born and Helen's parents were on the scene. Karen diarised events at the time. Greg supposedly, physically abused the 2 year old (Mark) every day when he returned from work. This all went to court, costing about $25,000. Karen had been sexually interfered with by her father when she lived in England. She had been married once before, but her ex-husband said he could not live with a woman who continually eats. Eating was her way out.

Helen's parents were on the scene for the birth of their second child, John.

When Greg's marriage ended his wife kept herself and the two boys away from Greg for numerous months and then when he was allowed to see the children, it had to be under the supervision of Karen's girlfriend who was acting as the mediator. At this stage, Greg was only allowed one phone call a week. When he was up visiting his parents, he taped the phone calls through Helen's parent's phone.

With Greg's divorce and custody battle, the court found in favour of his wife. His ex-wife, Karen, had itemised all applications of him physically abusing the children etc, including photographs of John, his eldest son. He was kept away from the children for quite a few months.

Helen's father has a lot of time for Greg and has gone through custody battles for his children in the Courts of Sydney.

<u>Steven Carty</u>

Steven has gone berserk in relation with his father, but I have always thought that he is not the full quid. He has been involved with the 'Harry Christeners' and he has been

GYMPIE :-

When visiting Helen's parents, even after 2 years of marriage, Helen slept in a room at the front and I stayed in a room at the back. Helen stated that if we were caught jumping bedrooms, her father would have killed us.

CONCERNS OVER THE NEXT 5 DAYS:- 17TH - 21ST MARCH, 1997

Kylie asked Justin did he want to do a wee or a poo. Justin told her something to the words of "Don't touch me there, that's where poppy touches me and it hurts a lot - especially when he sleeps with me!". Kylie then contacted her father and informed him what Justin had said and asked him for his advice on what she should do. Kylie had ran over and killed 2 dogs that morning when they ran out in front of her.

She damaged my brother's car considerably. Kylie informed my mother and father approximately 2 days later.

On Wednesday, 19th March, 1997, the boys awoke and came downstairs. I carried Clinton in my arms. Justin was hopping in between my parents and he was cuddling them. I could see this over our balcony. Mum cooked the boy's eggs on toast and gave them a drink.

Justin and Clinton then went outside to play games with Mum and Dad. I phoned Helen at approximately 8.45 am to find out about a mowing job at 9 Boundary Road, Thornlands. I needed to ask her about the price and also about the entrance to the property. She spoke quite friendly towards me and I told her that Mum and Dad were taking the boys, Justin and Clinton, to get a change of clothes. I wanted the boys to be out of the house because of the events of the previous days. Helen yelled into the phone that she didn't want my parents to take them away as she was coming over to mind them whilst I was out mowing.

I arrived home at approximately 1.45 pm. on Wednesday, 19th March to see that Helen was on her way upstairs. She was saying to Justin "Let's go and have a rest". Usually in Helen's presence Justin is almost always taken to bed no later than 12 noon - 1 pm.. Helen also has a rest because she becomes tired quickly.

Helen told me Clinton fell asleep at 11.30 am on the floor. I'm not sure which floor she was referring to. At this stage I was still trying to find a way of telling Helen of the accusations against her father. I'm not sure if he was in the big main bed or in his own bed. Justin and Clinton are always so excited to see me when they wake up or when I return home from work. Every Monday I usually play golf, either at the Redland Bay Golf Club or at the Wynnum Golf Club. I usually leave at 12.15 pm.. to play at Redland Bay or 11.45 am to play at Wynnum. Justin and Clinton always put on a big

neighbours across from my in-laws have noticed. My mother-in-law said to me "Eddie Lewis, I have heard that you used to be outside Helen's window, telling her that if she didn't marry you, you would commit suicide". Before I could come to the defence of her allegation against me, Helen yelled out that it was a load of bullshit. Helen asked her mother who had told her this information.

Leslie answered that Megan had told her. All of a sudden my mother-in-law came to my side to try and keep us together for the children's sake. Allan Carty put his arm around me and said twice that the allegations would not leave the room before he left.

When clearing up on Saturday morning and sorting through the paperwork and phone bills etc, mum found a little pad with what looked like notes written by Helen's father. It detailed prices for removalists and rental properties. Helen on Friday, 21st March, took the children, their clothing and pictures that she had purchased from the Cleveland markets and a quilt from our main bed which her mother Leslie had bought for her.

On Saturday I was advised by my solicitor, Mark O'Reilly, to change the locks in the house. I phoned a Capalaba locksmith at 8.30 am and he said he would be there at 10 am or a little after. He turned up at 11.15 am and finished the job at 12.30 pm.. I went to the Cleveland Police Station and thankfully the Police, a male and a female, (Adrian Staples and Carolyn Cox), who attended the incidents at my home on Monday and Tuesday, were at the counter.

'Juvenile Advice Bureau' went to Alan Carty's house at 12 Labib Street, Redland Bay to find out where the children were.

On 23rd March I phoned Pat Harding and he told me to advise Neil, Helen's brother-in-law, that his son may have been interfered with. He said he didn't want to know anything about the situation his child may have been involved in. He said that I was in no position to talk to him. He said "I've got to go now" three times. In Townsville, approximately 2 years ago, he did not check the history of a patient and the patient died.

<u>OBSERVATIONS AND PLANS:</u>

1. File for custody of boys on grounds of paedophilia.
2. Helen was extremely emotional
3. Helen whipped the children with a stick
4. Concerned about the children
5. Find Child Help

Under the circumstances, and because of Helen's behaviour, my mother bought the allegations to the attention of the police officers.

I phoned Kylie in Perth and she said that her claim about what Justin had said to her on Melbourne Cup Day was the honest truth. I was informed that Kylie took Justin and her daughter back to her house for a rest etc, whilst my mother finished off the function. When she asked Justin if he wanted to go to the toilet he answered "No, you can't touch me there, that's where Poppy (Helen's father) touches me and it hurts a lot". He also said that Poppy sleeps with him. These allegations were disclosed by Justin to his Aunty Kylie at the same time as Justin and Clinton were staying with their Nanna and Poppy, (Helen's parents). Helen was still in hospital after the birth of our son Thomas.

WEDNESDAY, 19TH MARCH, 1997

I woke Justin and Clinton, who again had slept with me because of more nightmares. At 7 am mum cooked bacon and eggs for all of us. I went outside and played with Justin and Clinton. Mum and Dad sorted through some papers near my phone. One was a quote for $35 - Thornlands. I phoned Helen about this job and she was quite pleasant. I advised her that Mum and Dad were taking the boys to their residence in Cannon Hill to get a change of clothes.

Helen went off her head, swearing and saying that she wanted to look after the boys because she thought Mum and Dad had interfered too much. Mum and Dad, wanting to do the right thing, said that they would come back later.

I waited for an hour for Helen to arrive from 8.45 - 9.45 am. I left for my mowing job at 9.45. Mum and Dad had left Justin and Clinton on their toy cars up the driveway and I waved goodbye. I did my job and quoted another and arrived back home at 1.45 pm.. Helen was going upstairs with Justin as I entered the house. Justin wanted to stay with me but Helen said that he had to go for a rest with her. I was wondering when I was going to get the chance to tell her about the allegations from Kylie. Helen came downstairs at 3.30 pm.. I was walking around the house getting the strength to tell her. At 3.45 pm. I told Helen what Justin had disclosed to Kylie about his poppy back on Melbourne Cup Day. She yelled at me four times "Why wasn't I told?" I then asked her if there was any chance that her father was a paedophile. She said it was feasible. I demanded that she go inside and ring up Kylie. She was still hosing 2 minutes later so I went and rang up Kylie myself and put Helen on the phone.

Kylie informed Helen what had happened and Helen asked 3 times, "Why wasn't I told?". She said my Mum and Dad were interfering too much. Kylie said Helen was Post Natal. I wanted Helen's Dad to come over to discuss the allegations and Helen pleaded with her Mother to come too.

Where they usually drive in, down the easement, they parked across the road. Helen's mother tapped on the screen door and said "Are you there Helly?". She went and sat on the sofa near the fireplace. Her father came in at least a minute later. When I saw him I broke down crying etc. He stood in front of me - 5 metres away - in front of the television. Helen was behind me and said that you've got something to ask Dad., I asked

SUNDAY, 23RD MARCH, 1997

I went with Mum (June Lewis) at 2 pm. to the Cleveland Police Station, JAB and asked them to take a Statement recording the allegations and events. The policemen attending were Mark Beardmore and Pat Harding. Whilst we were at the station, Helen had notified the police through her solicitor that she was 19 hours interstate and that the children were fine. They wrote down minimal notes and I left dissatisfied with the outcome even though Mark Beardmore stated that he had 16 years experience and that he was one of the best.

MONDAY, 24TH MARCH, 1997

I was advised by a friend to seek Legal Aide. I waited for 40 minutes in the Legal Aide Office in Brisbane City. When I told the interviewee that Helen had been there the previous week, she asked me to say no more and leave. After this, I went to see a solicitor in the city, Hills House in Bouroughs. I spoke to the receptionist there. Her name was Chris. She spent most of the time seeking Legal Aide for me but my main concern was to have the allegation documented. She informed me they did not deal with such cases. From there I went in search of any books or documentation that may have listed Allan Carty as a paedophile. I went to three bookstores in the City but the books I was searching for had been removed from the shelves for legal reasons.

Because I was unhappy with the outcome of my visit to the Cleveland Police Station on Sunday, I went to the main City Police Station. I spoke to Detective Sergeant Craig Rosenthal. He documented a huge amount of information but, when I had told him that I had previously spoken to Pat Harding and Mark Beardmore at Cleveland, I felt that he didn't want to impede since the allegations were already being investigated at Cleveland. I walked downstairs from the police station very exasperated and continued towards my car that I would not have been able to drive. I then called my mother but in my condition I was unable to speak to her. A police officer intervened to explain to my mother what was happening and of my whereabouts. I then went on to have what is referred to as an anxiety attack in the main street outside the Brisbane Transit Centre. My parents arrived and I was taken to the Mater Hospital. After my speech returned and I recovered, I left the hospital with my parents but was concerned about the time as Justin was phoning me at 6 pm. at my home. It was his birthday and I wanted to wish him a "Happy Birthday".

My sister Jean went to my home to receive the phone call and advised Helen that I would have to be contacted on my mobile phone since I had been to hospital. She had to break into the house because I had changed all the locks previously after I had discovered suspicious notes around the house eg removalist numbers, rental property details etc. Helen has phoned me and said that I was not to ask where they were. After wishing Justin a 'Happy Birthday' and talking to Clinton, I said to her three times that she needed to return home and seek help for her condition. She hung up the phone.

AFTER MONDAY'S EVENTS I NEEDED A FEW DAYS REST

My brother Scott tried to follow up on the proceedings through the Hill House and Bouroughs but they required both parties, Helen and myself to be in attendance to discuss

FRIDAY, 4TH APRIL, 1997

I met up with another friend Paul Clark-Colley at his place of work, the house cleaning business at Eagle Junction. He told me to contact Nall Payne Solicitors as they would be able to assist me with this sort of case. Later that day, I met Rachel Bourne, at Nall Payne Solicitors in the city with my mother. Whilst giving Rachel information regarding the case, I received a phone call from one of the neighbours of Helen's parents informing me that Helen had returned to 12 Labib Street, Redland Bay with the children. I contacted the Cleveland JAB but was unable to speak to anyone connected to the case. I then contacted John Rouse but he was also not there. I left a message to tell him that Helen had returned to her parent's home and asked him to follow up on this information. I had received this information about Helen returning from a neighbour of her parent's.

My major concern was the fact that my children had returned home to Helen's parent's place and were living under the same roof as her father. After dropping my Mother home, I proceeded to the Cleveland Police Station to find out what progress had been made. I found out that there was a Domestic Violence Order against me, taken out by Helen that would be served on me either Friday night or Saturday morning.

SATURDAY, 5TH APRIL, 1997

I went mowing at Redland Bay Golf Estate with my parents, June and Jim. I arrived at 7 Albicore Drive, Thornlands at 11.40 am and was served with the Domestic Violence papers. I then had to proceed to Cleveland JAB as I had a meeting with Mark Beardmore at 12 noon, no earlier. I arrived at 11.55 am with my parents and was advised by my solicitor that court action could be taken against the police at Cleveland, for not acting sooner. It had taken them until this date, to document my statement. I did not give a statement and Mark Beardmore was not very happy. Helen and Justin supposedly arrived later that day for an interview.

MONDAY, 7TH APRIL, 1997

Rachel Bourne from Nall Payne Solicitors phoned me at 9 am to discuss proceedings. Between 2 pm. and 5.15 pm. I gave Mark Beardmore the statement for which he had been waiting. During this time, he received numerous phone calls regarding unrelated matters. This made it very difficult to put my story across. I was only allowed to portray this as an allegation from Justin to my sister-in-law, Kylie, not as actual fact.

TUESDAY, 8TH APRIL, 1997

I spoke with the children, which was only the second time that I had actually spoken with them since Helen had fled with them. Justin asked me why Daddy was crying and I could hear Helen's parents laughing in the background. I explained to Justin that I was crying because I was so happy to finally hear his voice.

SATURDAY, 19TH APRIL, 1997

I travelled to Gympie, where Helen grew up, seeking information of her past. I spoke to three neighbours. From the neighbours, I proceeded to the Dragon Garden Chinese Restaurant. From there I went and spoke to Helen's old school principal but he could not remember, when asked, who was Helen's best friend (Narelle, nicknamed 'Crud'). When I realised that there was no more information to be received, I decided to return to Brisbane. I was informed by the school principal that all records for the year in question had been destroyed in a fire back in 1984, which was Helen's grade 10 final year. I felt this was a dead end. Half way back to Brisbane I remembered that Narelle had her 21st birthday party at the Gympie Bowls Club. I went there but on the way I was stopped by a police officer for speeding at 116 kph, twenty kilometres from Gympie. I was eager at the prospect of finding more information regarding Helen's past and my mind was not on the road.

SUNDAY, 20TH APRIL, 1997

I went to the Gympie Police Station and spoke to a police officer called Bruce between 7.30 am and 8 am. I was told to return at 10 am to speak to Dave Sorenson, the JAB member in Gympie. Because I was still not happy with the progress in Brisbane, I informed Dave Sorenson of the allegations and the family history in order to seek more information.

I explained to him that I didn't know Narelle's surname and that I only knew her nickname was 'Crud'. He informed me that he knew of a Narelle with the same nickname with whom he had been to school. He had also known of court proceedings regarding custody of her child which had gone to her respective partner. I finally contacted Narelle at 5 pm.. It was her son's fifth birthday. I asked her if she knew anything about the family's history and told her the allegations against Allen Carty. I also asked her if she knew anything about the scaring on Helen's neck and leg. She told me that when Helen was between 6 and 8 months old, the family car was involved in a very bad car accident at Mt. Nebo. It was front page news at the time. Helen was in the car when it exploded into flames, resulting in her burns. She also told me that in Helen's school years she was referred to as 'Scar Face' which angered both Narelle and Helen. After hearing this information, I returned to Brisbane very upset having to stop at two service stations to compose myself. I took a tablet to calm my nerves.

MONDAY, 21ST APRIL, 1997

I rang Rachael at Nall Payne requesting her to contact Rod Bickell, solicitor regarding proceeding with family counselling to try and work things out.

WEDNESDAY, 23RD APRIL, 1997

A fax was sent to Rod Bickell demanding visitation rights to my boys. He was informed that we were prepared to go to court to get them.

SATURDAY, 7TH JUNE, 1997

I picked up boys with the Cleveland Police. The policeman called out to Helen's father a couple of times. He acted dumb. The Policeman was Mark Zegaraski. He told Helen's father that it was 10 am. and that I was here to pick up the children.

After dropping Thomas off at 12 noon, I went back to mum and dad's house where we (Justin, Clinton and myself) watched a video about secrets and a handbook about good touches and bad touches. Justin was really interested but Clinton was too young. After reading the booklet that I had obtained from Family Services Library in the City, Justin said to me "Poppy hurt my bottom a lot when I was a 'baabby' - naughty Poppy". I gave the boys a bath and took them to Jamie-Lee's birthday party. I told Mum, Dad and Wally what Justin had said to me. I rang the Cleveland Police Sergeant in Charge and he said he would pass the details onto Pat Harding.

SUNDAY, 8TH JUNE, 1997

I rang the Cleveland Police Station at 10 am, 11 am and 11.30 am wanting Pat Harding to call me back. He did not.

MONDAY, 9TH JUNE, 1997

I rang John Rouse Child Protection in the City at 9 am and 10 am. Not in office.

TUESDAY, 10TH JUNE, 1997

I rang John Rouse at 9 am and 10 am. but received no reply. I rang Margaret Hill Scan Team at 9.30 to 10.15am and arranged a meeting for Thursday, 12th June. I rang Carla Wilson of Family Services at 12.30 pm. and received no reply. I rang Dr Yared at 3 pm. and 4.30 pm. and received no reply. I rang Dr David Wood - Scan doctor and received no reply.

WEDNESDAY, 11TH JUNE, 1997

I rang John Rouse again but was informed it was his day off. I rang Carla Wilson of Family Services and asked for her to ring back.

THURSDAY, 12TH JUNE, 1997

I had a meeting with Margaret Hill for an hour about what had been happening. She told me that she would be trying to get Justin into therapy and if anything came out of it then it would go into Court.

FRIDAY, 13TH JUNE, 1997

I rang Dr Russell and told him what Justin had disclosed to me. I received a letter from Carla Wilson who was in charge of Family Services at Redlands District. She stated that

TUESDAY, 24TH JUNE, 1997

I went to Court about Spousal Maintenance. I put to Helen, through Counsel, that I would pay $88 in Spousal Maintenance until the sale of the house - indicating that it would be put on the market straight away.

TUESDAY, 1ST JULY, 1997

COURT HEARING - DOMESTIC VIOLENCE:-

I saw Mark Beardmore going across the road in front of the Courthouse. I spoke with him about how it had already cost me $17,000 in legals. He said that is what happens in these circumstances. The hearing went for most of the day. No Domestic Violence Order was instated. Helen had said in her words that she was advised by her Solicitor and Barrister on the 20th March, 1997, that if she did not go interstate with the boys on the 21st March, 1997 that Family Services would come in and take the children off of her.

SATURDAY, 5TH JULY, 1997

Helen and her mother abused me about the boys not sleeping when I have them for visitation. I said that they get excited and I try to get them to rest. They usually sleep in car to and from their mother's house.

SATURDAY, 12TH JULY, 1997

I picked up the boys at 10 am. There were no dramas. We had a picnic at Redland Bay Park. When I was driving back to Mum and Dad's house, Justin said to me that Mummy was belting them with a strap and locking them in the room. The boys had a bath and I told Justin to stop pulling Clinton on the wee-wee. I said no one is allowed to touch you there unless you are doing a wee-wee ~~or poo-poo~~ OR POO-POO. Justin said Poppy touches his Bum Bum and hurts him.

MONDAY, 14TH JULY, 1997

I rang Damien from Family Services to tell him about Justin's disclosures. He replied that there were two sides to every story. I said that mine was true.

WEDNESDAY, 16TH JULY, 1997

I picked up Justin and Clinton at 5 pm.. as it was my birthday. Helen and her mother wouldn't let me see Thomas as he wasn't on orders. I went to Capalaba McDonalds. All nephews and nieces turned up. It was a good party. Justin and Clinton wanted to go back to Mum and Dad's house with me to live.

SATURDAY, 26TH JULY, 1997

I picked up the boys at 10 am. Helen got up mum about ringing up the doctors about what was wrong with the children. The doctors had told Mum that one of the children had a slight ear infection. Thomas had a badly swollen eye. As I was putting the boys in the car, I asked the boys what had happened to Thomas's eye. Justin and Clinton said that he had been bitten by a mosquito. Between 10 am. and 12 midday I took the boys to Birkdale South School fete. I returned Thomas at 12 noon. Helen took Thomas and then after going back inside she came out and asked what I had done to his eye! I returned the boys at 5pm. Justin went mental saying not to leave him with Helen. I have this on *tape.*

MONDAY, 28TH JULY, 1997

I rang the Incest Crisis Line. It is a Woman's group that doesn't deal with men. I rang John Lucas of the Men's Group. He couldn't offer much help.

WEDNESDAY, 30TH JULY, 1997

I phoned the boys. It was a good call - duration 6 minutes.

SATURDAY, 2ND AUGUST, 1997

I picked up the boys at 10 am. Helen was going berserk accusing Jarrod & Jordon for talking to Justin about putting fingers up bottom! Clinton had a bad rash. I took Thomas back at 12 noon. Helen said to stop Jean telling Justin to kick Clinton in private parts! Then she accused me of coaching Justin what to say for SCAN. I took Justin and Clinton back and they were going berserk demanding that I take them away. I had to pull Justin out of the car and carry him to the gate. Helen tried to settle him down. He tried to pull the fence apart. Joan was crying when I looked at her. I drove out crying telling myself to hang in there.

SUNDAY, 3RD AUGUST, 1997

I rang Pat (neighbour) about lending a chainsaw. He told me that Helen's father is constantly there.

WEDNESDAY, 6TH AUGUST, 1997

I rang Marny at Family Services and told her of Helen's father constantly being there and how the boys are reacting when I take them home.

SATURDAY, 9TH AUGUST, 1997

I put the boys in the car. When I was buckling them up Justin said *"Mummy is smacking me across the face now Daddy."* I have this on *tape.* I took Thomas back and then I went to Mum and Dad's at 3.10 pm.. I asked Justin how he was going at home. The boys were on top of the pool table at the time. Justin replied *"Mummy and Nanna have told me not to tell anybody about Poppy touching me on my wee-wee and Bum-Bum".*

with Justin for 2. If anything came out of it, her father could be charged and go to Court to determine it.

SATURDAY, 16TH AUGUST, 1997

I picked up the boys at 10 am and went to Scallywags play area at Capalaba. The boys were dressed in track suits. I took their shoes off and then went to take tracksuit top off but they didn't have a t-shirt on underneath. I noticed a deep bruise on Justin's lower back. The lady who ran the place was there. I asked Justin how that had happened and he said that *Mummy had hit him with a strap in the dark.* The lady said that I should take him to the doctors. She knew of one up the road near the Commonwealth Bank. She phoned and made an appointment. I took Justin to the Doctor at 82 Old Cleveland Road and the lady Doctor's name was Amanda Casperson. Justin again made the disclosure to the doctor. I explained to her of the situation and to try not to say too much in front of Justin. She told me to go to the Police Station and get photographs taken.

The Police photographer was Bob McNab from the Wynnum Police Station. I told him it was Mark Beardmore's case . *This should be interesting to see what will happen.*

I dropped Thomas off and then I took Justin to Wynnum Police Station as Heath was playing footy nearby. The boys had a great time on the field with me at intervals.

After watching Heath play footy, I told Justin I had to take him and Clinton back. He put on a big turn demanding to stay. He wouldn't let my mother go. Clare and Eddie, Mum and Dad's friends, were sitting next to them. I remember watching Clare's reaction to this. It made it a bit easier as Jean and Jarrod were with me. Jean took Justin's seat out and put it in the boot to make room for Jarrod. Jean put Justin in Clinton's chair. It was a little tight. He was wriggling around not wanting to get strapped in. He told me he loved me.

MONDAY, 18TH AUGUST, 1997

I rang Dr. Russell. He was busy. I told Debbie, who answered, about the past two weeks' events. She told me she would talk to Dr. Russell and get on her knees to get things happening. Damien of Family Services rang and said that Justin would be interviewed about the strapping. I rang JAB Cleveland for Mark Beardmore. He was not in so I spoke with 'Catchpole' who was in charge of the area.. He asked what I was doing checking the boys' bodies. I told him there were orders for neither parent not to overdiscipline the children.

TUESDAY, 19TH AUGUST, 1997

Debbie of Dr. Russell's office rang to say that Dr. Russell will ring tonight. Kylie is dating a Detective Sergeant Michael Jenkins of the Fremantle Police Station in Perth and Heath is to ring her and find out why nothing has happened. I rang Gary Foster of the Sexual Abuse Section of Family Services. He told me to put my complaints in writing. I rang Dave Sorrensen of the Gympie JAB. He was not in. I will ring him back tomorrow.

told Mum that he would be ringing John Rouse as John Rouse and the SCAN team had defied court orders by keeping the children away from me until after the investigation. (*Other information about this date is contained in Helen's Affidavit. In the Affidavit Helen states that Mark Beardmore went around that afternoon with a Social Worker wanting disclosures from Justin.)*

By being the non-custodial parent, I have not been told, but not without trying, about the Therapist's or doctor's reports. I am not allowed to know about these without Helen's permission. I had an altercation with Annette Murphy from the SCAN team in the earlier days because I wanted Justin's doctors' reports. My friend, whose name I do not want to disclose, rang saying she was Mrs Lewis and needed the doctor's reports. (I asked her to do this as I was desperate toget the report when Justin had the bleeding penis). Annette Murphy wanted me arrested but John Rouse told her that I was a concerned father.

Wally rang both Mark Beardmore and John Rouse and has taped conversations. I don't know what was said. Wally has these conversations on tape also.

I rang to speak to Kev Lindgard. He was not in but I spoke with Debbie, the secretary and then Anthony Benedecci.

TUESDAY, 26TH AUGUST, 1997

I rang Dominik McHugh (Police Deputy Commissioner's Assistant). He was to ring back about the allegations about me. Deputy Commissioner Graham Williams rang me to say that he had a task force on her father, Allan Carty. Rachael Bourne, Solicitor, is on holidays - too expensive. Mum rang Delaney/Delaney -Lee-Anne O'Shae. Mark Beardmore rang saying that Justin had made a disclosure and that I had to attend a taped interview. He told me that it would have to be 4 pm. on Thursday, 28th August or I would not be seeing the boys this weekend until I had my interview. I said if there were any allegations about me, I wanted to come for an interview straight away. He said he was too busy. Damien from Family Services rang to confirm about interview and said that Melissa would be attending. I told him that I wanted the interview with Beardmore now but he declined. Damien thought it strange to be Thursday and if not another time next week.

My concerns about Beardmore and Helen are becoming more evident.

WEDNESDAY, 27TH AUGUST, 1997

I rang Dominik McHugh, the Assistant Deputy Commissioner, for an update. He said that he was trying to get a meeting between John Rouse and Beardmore. Wally and myself organised to get questions answered. On 9th August and 16th August nothing had happened about disclosures etc. Helen makes up a concocted story and then somehow gets Justin to say it so the emphasis is off her father. I'm hauled over the coals so to speak. John Rouse rang with concerns by SCAN that Justin is being used as a piece of meat. I told him how I had to attend an interview with Beardmore about the disclosure. He found that very strange. I went through the happenings again of the 19th March. He thought that the big point was when I asked her father about Justin and that

I told Mum and Dad that this is all about to be turned around and thrown at me.

SUNDAY, 31ST AUGUST, 1997

I NEED HELP. Rachael, my solicitor, is on holidays. Private Investigator to trace Helen and Mark - photographs. I want a photo of Mark to show to Clinton to ask him if he is there '*new Daddy*'. Follow up with photos of Justin's back and the strapping he received. Detective Catchpole is in on it too. Who did Beardmore e-mail information to concerning Justin's disclosure of Mummy and Nanna? John Rouse of SCAN told me I had no case to answer. Beardmore says that Helen said to Justin "*You know you will get Daddy in a lot of trouble*".
Domestic Violence, Tax Man, Social Security, the list goes on.

WEDNESDAY, 3RD SEPTEMBER, 1997

I rang Louise Fowley of Doug Beattie's office. She gave me a number to ring Peter Jones (Principal Complaints Officer) I rang the boys at 7 pm.. Helen answered the phone and demanded 2 grasshoppers and *Big Red Car* to be returned on the weekend or I wouldn't be speaking to the boys. She told me I was walking on thin ice. Mum was listening on the other phone and came in and stated the time and date. Helen said that it didn't matter. It could not be used in a Court of Law. I spoke with the boys for 4 minutes until Helen told the boys that they had enough and would have to hang up.

SATURDAY, 6TH SEPTEMBER, 1997

I went to pick up the boys. Helen and her mother were there. They say things like "*If Tess bites him, he will get rabbies.*" The dog is going berserk. Justin and Clinton say they like and love me. I put boys in the car. Dad is with me. (*This is all on tape).* We go to Wellington Point but don't go out in Dad's boat as it's a bit rough. We swim at the water's edge and play in the sand and on the swings. The boys go and get icecreams with Mum nad Dad while I take Thomas back. When I returned we go across on sandbank to Island. We were having races. Mum and Dad went back to Jean's. We went back there at 1.30 pm and played at Jean's with Jarrod and Jordon. Mum came back with me to drop the boys off. Both boys were going berserk crying. They kept saying that they wanted to live with me now and to live with grandma (my mother). Joan, the next door neighbour, was there and was visably upset.

WEDNESDAY, 10TH SEPTEMBER, 1997

Kelly Smith rang from the CJC wanting to know details of the investigation that I wasn't happy with. I told her that Beardmore and Harding had done nothing. Rouse was going interstate where I believed to boys were Sydney. She told me that when I left Cleveland JAB with Mum that I was happy that her father wasn't with the boys. When she returned and put the Domestic Violence Order against me, she was able to live under the same room as her father - threats to Justin about saying anything. E-mail, Photos, Tape, Follow-up.

I told John Rouse what the boys have told me about Mark being their *New Daddy* and that his name comes up a lot. Justin told me he is a policeman. *Was Justin referring to Mark Beardmore, the policeman, being with him asking him to make disclosures or is this Mark the policeman someone different.....or not!?* Wally also agreed. He said that it all made sense. John said he would follow up about the photographs. I rang up the boys and Helen told Justin to watch what he was saying as he was being taped. The boys were excited about talking to me but there was a lot of noise in the background. The phone call lasted 4 minutes before she hung up.

THURSDAY, 25TH SEPTEMBER, 1997

I rang the Redlands Family Services wanting a report about the photos and Doctor's Report within 30 minutes or I will ring the Minister. Damien from Family Services rang back very upset about my demands. I had a long discussion about how Justin had been taken out of therapy. He rang back 10 minutes later saying that there was no placement for Justin. I was upset that Helen was able to do whatever she wants. He told me to bring up my worries on Tuesday with Margaret Hill.

WEDNESDAY, 1ST OCTOBER, 1997

I phoned the boys up at 7 pm.. I couldn't understand a thing at all as it was very noisy in the background. I could only understand that the boys stayed at Liam's place last night. This is the house of Helen's sister.

I also told Annette Murphy that Justin was talking of this new father and his name was '*Mark*' and he was a policeman. She told me she was going to ring up Mark Beardmore and let him know about it. I told her not to because I had a private investigator on it. My mate Peter McClennin was finding out costs etc. of hiring a PI.

He said he would be seeing Annette Murphy that night at the going away part for ? and he would get back to me about the next procedure.

SATURDAY, 4TH OCTOBER, 1997

I picked up the boys at 10 am with Heath. Helen's mother was making a big fuss about the boys not going swimming because they had a middle ear infection. I said that was fine because the boys never get their heads wet. Clinton took a long time coming out of the house - with Helen's father!!? Helen's mother made a comment indicating that he didn't want to go with his father. All of a sudden Clinton came running and yelling "*Daddy, Daddy, I miss you*". Helen's mother tried to give Heath a hard time. He said he doesn't talk to scum. Thomas said "*Dad*" for the first time. I felt great! After dropping Thomas back, I took the boys to Fisherman's Wharf and had lunch. We went on a speed boat out to a helicopter and back. The boys had a great time. Then we went to Seaworld. I took the boys to the park to play and then we had a swim. I then dropped Thomas back at 12 noon. Justin and Clinton stayed with Mum at Scott's place. I returned to pick the boys up and then went to Jean's house. We went and got chips. Justin was all over me ready to tell me about things. *I didn't push the point because I don't want to put any pressure on him whatsoever. I think there is enough pressure on him already. I wish the authorities would step in and ask Justin who is telling him to say things about me that are not true.*

went in so I got Thomas out of the back and took him with me. She went in saying I was harassing her. I told the two policemen *I just wanted my 2 sons as I was having a birthday party for Justin.* She kept interrupting while I was saying what had happened and one of the Policemen said *if we didn't shut up he would lock the both of us up.* I told him that there were orders in place to keep Allan away from the children unsupervised. Then she came in saying that *I was doing things to Justin and that John Rouse and the fellow in charge, (I can't remember his name), have said that myself and my family are idiots and a joke about the allegations and happenings.* I walked out carrying Thomas. She stayed.

I went to Helen's father's car and I said I would have a party for Justin next week. Justin was hysterical saying he loved me and wanted to come with me. Clinton was stunned.

I left and took Thomas back to Jean's. He had a good time.

I rang John Rouse at 9.45 am. He said that what Helen's mother said was shit and that it was all a crock. He was going to ring the Redland Bay Police as they said they knew him. I rang at 2 pm. and John Rouse said he tried ringing but received no answer. He e-mailed information back to the Redland Police Station that he had not said anything like that. He told me to keep in touch.

I took Thomas back at 12 noon. Helen had a smile on her face and her mother was laughing.

I rang Graham Williams, Deputy Commissioner. He would ring back later. (Dominik McHugh was on holidays).

Tony Breen rang on behalf of Graham Williams - (He is high up in Child Protection). He said it had to go it's course through the Family Law Courts. I spoke to him about my concerns that my children are still not safe from Allan Carty, Helen's father.

WEDNESDAY, 1ST APRIL, 1998

I received a phone call from the boys at 6.40 pm. I spoke to Clinton and he said he had egg and spaghetti for dinner. I asked him to put Justin on. He said that Justin was eating. Mum and Dad spoke to who they thought was Justin. Then I told Clinton that I wanted to speak to Justin. Helen said to Justin *"Do you want to speak to your father?"* He came straight away. I said how we were going to have a good day on Saturday for his birthday and that he was going to sleep over. Dad spoke with him. He was excited. I said I would see him Saturday and hung up.

SATURDAY, 4TH APRIL, 1998

I picked up the boys at 8 am. I went back to Mum and Dad's. The boys played well together. Jarrod, Jordon and Jean arrived at about 10.30 am. Mum and Jean took Thomas back at 12 noon for the change over. Dad went and got chips for lunch. I tried to get the boys to rest but they were all excited about Justin's birthday (which was 24th March, 1998. This was 4th April, 1998!). Guests for party included Terri + 3 children;

through on my mobile. I had the mobile phone but received no phone calls. Helen rang Mum and Dad's and asked where I was. She hung up.

TUESDAY, 14TH APRIL, 1998

Lee from Family Services rang back about counselling information.

WEDNESDAY, 15TH APRIL, 1998

I received a great phone call from the boys for 15 minutes. The boys are missing me but looking forward to sleeping over. Mum and Dad were thrilled. The boys were in high spirits. Justin had a special surprise for me - paintings.

SATURDAY, 18TH APRIL, 1998

I went to pick the boys up at 8 am. but had to wait for 10 minutes for Helen to bring them out. Her mother, Greg and his two boys also came out. Justin and Clinton were excited to see me. Thomas turned around and started to walk back to the house. Helen's mother yelled out that he didn't want to go. I felt like saying that the child is only 17 months old and if she gets out of his ear he will be okay.

I took the boys back to Mum and Dads. The boys played with the jeep, bike and train set. Justin had bought a lot of paintings which he had cut out with scissors for Daddy, Grandma and Grandfather as special gifts. We played games. I took Thomas back while Mum and Dad took the boys with them to footy to watch Heath. I met them there. Jarrod and Jordon played well together with Justin and Clinton. We went on th field at interval for some kicking and running etc. We left at 4 pm. and went to Mum's. We stopped and had a meal at Hungry Jacks. We watched 'Free Willy 3' and coloured in for a short time. The boys went to bed at 8.15 pm.

SUNDAY, 19TH APRIL, 1998

I awoke at 7 am. Clinton had gone to sleep next to me. Justin looked at me and came in next to me. He gave me a big cuddle then I told him *"Let's go and wake up Grandma and Grandfather"*. Justin raced up with Clinton following him. Justin went in the middle of Mum and Dad in bed and Clinton jumped in on the outside of Mum. They gave each other lots of cuddles. Mum cooked breakfast for the boys but they were not that hungry. I took the boys up to the park with their jeep and bike. They played on the swings. We went home for a rest. The boys wanted their hand painted in different colours so that they could transfer it to paper. We went to watch Jarrod play footy at 11.30 am at Redlands. The boys loved it. We went onto the other field. Clinton and Justin were playing with Jordon and myself. We left and went to Victoria Point YMCA. There is a heated pool and play area in the water. Clinton was wanting to put his feet on my shoulders and be thrown a little way into the air. He started diving in the pool. He was watching me do freestyle and he started doing it. Justin learnt to do side stroke. The boys did not want to go home. There were no problems with Helen.

ADDITIONAL NOTES:-

- Helen, when returning from Sydney, and was back in the marital home, sought information from neighbours about the allegations I had stated against her father. She also asked the neighbours not to tell me who has been to the house. She left a form with them concerning defamation proceedings against me and asked them to help her with her case concerning my allegations about her father. She told the neighbours my allegations were defamatory and unfounded towards her father. Helen took her sisters, mother and father over to confront the neighbours about my allegations and Helen's father started crying saying that he was no paedophile. My neighbours have been through this crisis with another neighbour who they put all their trust only to find out that from age 4 - 14 he had sexual dealings with his step-daughter. The wife of the suspect took the new husband's side and the 14 year old girl was left out on the street to fend for herself. The neighbours have kept me informed of happenings as they are behind me 100% but the authorities do not want to know this. I have asked Family Services to be involved with my neighbours but they say this is an invasion of privacy.

- I have received Defamation letters from Helen's brother, Greg; her sister, Jane and her father, Allan. The **only** information given out by me about these people was to Family Services, the Police and SCAN. The information was given to them with the understanding that it was to be kept strictly confidential. Somehow, I believe that Helen has got this information and this has caused me so much trouble with trying to get access to my children. I believe that the Authorities have not acted to *protect my children.* These letters of defamation were dated back in mid 1997 and I was given 7 days to retract my comments but I have heard nothing more about this since.

- I tried to get special information from the Family Law Courts in Sydney re: Court cases concerning Helen's brothers and the reason for their wives leaving them..... (re: paedophilia). I wasn't allowed any information as I wasn't a party to the hearings.

- I believe that Greg and Steven's (Helen's brothers) ex-wives would be the clincher of the case. I have tried to contact both women but I have no clues as to their whereabouts.

- Steven is never mentioned once in all of Helen's Affidavits.

- The floppy disk, cassette tapes and video tapes of related events have all been stored at a location not disclosed to anyone.

- In the early days Helen said to me three times that the Police have investigated my allegations and that they were dismissed. Who is coming to this conclusion when the case has not even been properly investigated?
